

Recent Operations

By Paul Rardin

I was interested this week in looking over the monthly report of the Everglades Federal Savings and Loan Association, at Biscayne, Glade. The report reflects a healthy growth of the organization.

One item that interested me especially was the \$100,000 invested in United States War Bonds, which goes to prove that officials of the organization are conscious of the fact that our government must have money to carry on a great war.

Another item which affects the entire Lake section is the amount of \$198,481.16—on first report from Hoon, who is in Canal Point, Pahokee, Belle Glade and, in fact, every section of the Lake farming region, have taken advantage of the organization's set-up for financing homes. Officials of the association are anxious that the organization be made available to worthy men and women who are interested in owning their own homes.

The report further shows a net amount of cash on hand. This item in the report shows \$38,492.25.

The continuous growth of the association is next to amazing when it is taken into consideration that the association has been in existence for only ten short years ago with resources of \$2,500.00. The monthly report issued on May 31, 1944, shows total resources of \$1,232,772.71.

Through the years the Everglades Federal Savings and Loan Association has been under the direction of a group of men who have worked arduously and continually for its success. That they have achieved a certain amount of success is evidenced by the report which they have just issued.

DeMoya Speaks To Pahokee Lions

P. P. DeMoya, chairman of the Pahokee Canal Point Defense Council, gave a talk on D-day at the Tuesday luncheon meeting of the Pahokee Lions Club. Introduced by Frank Rozelle, program chairman, the speaker illustrated his talk with wall maps and charts. Names of all members of the club now serving in the armed services were read by J. M. Elliott, secretary. An invocation prayer was read by Rev. E. B. Hooton.

Malcolm Miller, chairman of the Fifth War Loan Drive in this area, outlined plans for the drive which will begin on Monday, June 12. Mr. Miller is asking all civic organizations to name committees to assist in the campaign. Joe Hooton and Lewis Friend were appointed on the Lions Fifth War Loan Drive committee.

Joe Hooton, chairman of the waste paper salvage drive which starts this week, asked the Lions to furnish five men and three trucks to assist in this drive. Frank Rozelle reported that arrangements were being made to have the large billboard which starts this week, asked the Lions to furnish five men and three trucks to assist in this drive.

Resources Board Rescinds Action On Richlands, Inc.

By Paul Rardin

At a recent meeting of the Pahokee-Canal Resources Development Board a motion was passed recommending that the Internal Improvement Board cut the Richlands tract in the bay bottom and lease it out in small farms to farming service men.

At the first meeting, when the resolution was passed, only a handful were in attendance and the status of Richlands, Inc. was not fully before the resolution. At the second meeting, the resolution was passed, only a handful were in attendance and the status of Richlands, Inc. was not fully before the resolution.

Special "D" Day Sermon Sunday

The morning service at eleven o'clock this Sunday, First Baptist Church of Pahokee, will be devoted to "D" Day. The President's prayer will be read and comment thereon by the pastor, Rev. C. A. Moberg. A special musical program by instrumentalists and vocalists will be presented. The church will meet with the Nazarene Church in night.

Bond Buyers To Sign Letter For G. I. Joins In Army

Malcolm Miller, chairman of the Pahokee-Canal Point 5th War Loan Drive, announced that a letter to be signed by bond purchasers is being prepared. The letter will be signed by the bond purchasers and will be sent to the Commander in Chief of the Armed Forces of the United States. The letter will be signed by the bond purchasers and will be sent to the Commander in Chief of the Armed Forces of the United States.

Elks Plan Flag Day Program

The Elks lodge in Pahokee will sponsor a Flag Day program on Sunday, June 11 since the first of June is the birthday of the United States. The program will be held at the Elks lodge and will include a parade and a flag ceremony.

Pete DeMoya Is Rotary Speaker

Pete DeMoya entertained Rotarians yesterday at the regular meeting with an interesting talk on his hobby, photography. Mr. DeMoya showed many pictures taken locally which commanded the interest of the group.

President Dulany appointed a war bond committee to work with Malcolm Miller in the Fifth War Loan drive. The committee will be composed of Mr. J. Simonson, chairman, Mr. L. Stuckey and Elmer Miller.

Mr. Miller made an interesting report on the Elks club drive. The Elks club has been successful in raising a large sum of money for the war effort.

Pahokee Woman's Club Installs New Officers

Members of the Pahokee Woman's Club held an installation of new officers at the club house. The new officers are: Mrs. J. Simonson, president; Mrs. L. Stuckey, vice president; Mrs. Elmer Miller, secretary.

The new officers will be in charge of the club's activities. The club has been successful in raising a large sum of money for the war effort. The club has been successful in raising a large sum of money for the war effort.

Funeral Services Held Tuesday For Dr. D. C. Thompson

Funeral services were held Tuesday afternoon in Gainesville for Dr. David C. Thompson of Canal Point who died early Monday morning after being stricken Saturday night with a heart attack. Dr. Thompson leaves the widow, Mrs. Thelma Thompson, a son, Major Donald Thompson who is in China and a daughter, Mrs. Barrett Griggs of Jacksonville; a granddaughter, Peggy Griggs, Jacksonville; and a sister, Mrs. Margaret Bechell, Winter.

Dr. Thompson was born in Canada April 15, 1881, and was educated in Winnipeg. He came to Florida in 1909, settling in Pensacola until the outbreak of World War I when he joined the navy. Following the armistice Dr. Thompson practiced in Jacksonville until he came to Canal Point in 1931 to become industrial physician for the U. S. Sugar Corporation at Azucar.

Following Dr. Thompson's attack he was taken to the Everglades Memorial hospital in Ft. Pierce where two physicians made every effort possible to bring him out of the coma into which he had fallen. Death came at five o'clock Monday morning.

The body was prepared for burial in 1909, settling in Pensacola until the outbreak of World War I when he joined the navy. Following the armistice Dr. Thompson practiced in Jacksonville until he came to Canal Point in 1931 to become industrial physician for the U. S. Sugar Corporation at Azucar.

Local Scouts At Summer Camp

Eighteen boy scouts of the Pahokee-Canal Point area left Tuesday afternoon for two weeks of summer camp at Lake Okechobee. The scouts are: Mr. J. Simonson, leader; Mr. L. Stuckey, assistant leader; Mr. Elmer Miller, scoutmaster.

The scouts will be in charge of the camp's activities. The camp has been successful in raising a large sum of money for the war effort. The camp has been successful in raising a large sum of money for the war effort.

Make Effort To Induce OPA To Allow For Hazards Of Producing & Marketing Lowly Elderberry Comes Into Its Own At \$1.50 Hamper

Supplementing the efforts of the Florida Vegetable Committee, the nationwide influence of the American Farm Bureau Federation at Washington is being placed behind the move urging Congress in its OPA legislation to make adequate allowance for hazards of production and marketing in the vegetable industry.

The move the following telegram was being sent by the Farm Bureau to all interested Florida vegetable growers and shippers: "Please wire Senators Charles O. Andrews and Claude Pepper urging them to assist Senate approval of amendment requiring OPA to make adequate allowance for hazards of production and marketing in the vegetable industry."

Shipping Season Coming To Close

The vegetable season is fast coming to a close and buyers are moving up the country for the last of the season. Accurate figures are never available to show all the shipments that go out during any season because there is no way of keeping up with the truck movement.

The move the following telegram was being sent by the Farm Bureau to all interested Florida vegetable growers and shippers: "Please wire Senators Charles O. Andrews and Claude Pepper urging them to assist Senate approval of amendment requiring OPA to make adequate allowance for hazards of production and marketing in the vegetable industry."

Lowly Elderberry Comes Into Its Own At \$1.50 Hamper

The Lake Okechobee region is known far and wide for its shipment to northern markets of little head of products such as cantaloupe, Chinese cabbage and grape. Now comes a demand for the lowly elderberry. Of course, the demand is not for the cash value in past years has been absolutely zero.

Today's market price in New York is high enough that local buyers are paying as high as \$1.50 per hamper for the elderberry. Pickers are being paid 75c per hamper for gathering them. It is pointed out that pickers can make more money on the elderberries as "much lower" than on beans for a like amount of pay.

Several men have gone into the elderberry business, and last night the first good carload was shipped to New York. The berries are being sold in barrels and shipped as food cars. Grady Boynton, local grower, is acting as local buyer and making the shipments to New York.

One farmer, who has a crew of pickers busy this week, said yesterday that production costs on elderberries are "much lower" than on beans. The berries are a natural product of nature and "you pick them and you find them" on the bushes.

Another crop that grows in production in these parts is that of "cator beans." A heavy demand has been evidenced for them in spring and cutters have been busy preparing them for market. A nice profit is being realized by the growers who have gone into the "cator bean business."

The entire state is used from the cator bean. The berries are in great demand. It might be a good idea to look around in your back yard and see what is growing there. With a little care and the desire to do various things at an unusually high level, it is possible that you have a valuable goldmine in your back yard.

Last Rites Held For Mrs. Bowen

Mrs. Mildred Everett Bowen, 50, under the E. B. Hooton, a former resident of Pahokee for many years, died Tuesday evening, June 6 at her home, 525 P. St., in Gainesville. She was born in Mississippi and came to Florida as an illness of several months.

Survivors, in addition to her husband, include her mother, Mrs. Sallie Everett, her sister, Mrs. Mary City Thornton, Albany, Ga.; Mrs. Sarah James, Pahokee; Mrs. George Hooton, Ft. Pierce; and one brother, John Everett, Pahokee, now stationed at the Army Air Base, Perry, Fla.

Funeral services were held at the Pahokee Methodist Church on Thursday at 3 p. m. Pallbearers were John Kirk, Otis Allen, J. B. Hooton, C. Crosby, Harry Baxter and Stewart Spooner.

Burial was at Woodlawn Cemetery, Gainesville. The funeral home was in charge of arrangements.

Plane Crash Fatal To Miami Man

Al Gaines, Miami night club owner, was killed instantly about 2:30 p. m. Tuesday when the small civilian plane he was piloting made a crash landing at the Belle Glade airport.

Capt. Ted Thompson, Belle Glade, who landed just ahead of Gaines, witnessed the crash. Capt. Thompson said the plane was a Cessna 40, a two-engine plane. Gaines in another plane had been flying over the area when the crash occurred. The plane was flying at a low altitude and was seen to stall before crashing.

The tragedy happened on the landing strip. The doctor who examined Gaines said he died of a heart attack. The control stick punctured the jugular vein, he said.

Paul Rabin... Editor and Publisher

USUALLY WORKS

The reason the old West got results was because it suspended the bad man instead of the sentence.—Brooklyn Times.

BETTER LUCK

A critic says that he almost fell asleep during the showing of a new film. We wish him slightly better luck next time.—The Humorist.

THERE WAS

An author says there was more money in fiction five years ago than there is today. But at the same time there was more fiction in money.—Louisville Times.

GENERALLY

On the screen, the "masterful" lover has everything his own way. But in real life, somebody generally ups and marries him.—San Diego Union.

OUT WITH A DEER

The Yanks in Australia have been making altogether too much time with the local lovelies to suit the Australians. During the showing of *Bambi* in Sidney, when the little deer was calling, "Mother! Mother!" some lad in a gallery yelled, "Don't Worry, kid! She's probably out with a blooming Yank!"—Moore Haven Democrat.

JUST A LITTLE NOBODY

"Who are you?" is a question familiar to telephone operators working on the two ends of a long distance line, when a third operator's voice is heard. Two experienced girls, trying to re-establish a broken connection on a line which stretched a good part of the way across the country, got an unexpected reply to their question. "You wouldn't know me?" was the answer. "I'm a new girl and I'm way out in Wyoming."—Telephone War Digest.

TWISTERS

New telephone operators, of whom there are many thousands working to carry present traffic loads in war areas, sometimes have difficulty with the names of unfamiliar places. Penacola becomes Pepsi Cola, Cedar Rapids turns into Peter Rabbit, Tucson easily changes to Too Soon. And what easterner would be expected to know that San Jose is pronounced Sanazay, or that La Jolla is called Lohoya. They provide fun—and some difficulties—for the accounting girls who make out the bills.—Telephone War Digest.

REVOLUTION IS POSSIBLE

When the experts get to talking about what will occur when the war ends the average American has an excellent chance of observing the confusion.

There are some who assure us that business will take care of everybody and provide jobs for all. There are others who inti-

mate that unemployment will total around 19,000,000. Somebody is wrong and maybe both of the predictions quoted are off.

When the war ends the United States will, of necessity, have to organize itself for peace. The spirit which produced untold limited material for war must be harnessed to turn out the products that will lift the standard of living for all Americans.

There is general agreement upon this goal but divergent opinions as to how it is to be done. We are not able to give the answer but we can say this much, it will not be accomplished without considerable governmental cooperation and assistance. It is quite possible that the big business interests, with their powerful propaganda, will persuade the people that all problems will end if the government is taken out of business and kept out. If this happens, it will be up to business to produce results and if business fails there will be an economic revolution that will amaze many of us.

ABOUT EXECUTING HITLER

H. G. Wells, British historian, hopes that the Allied Nations will not make the mistake of executing Hitler and thus presenting the real evil spirits of Germany with a martyr "behind whose legend they can shelter from the wrath to come."

Mr. Wells believes in execution as "one of the quickest ways a convicted criminal may be converted to the service of mankind" and advocates that sane Germans, guilty of war crimes, be promptly executed upon capture. He names "the city" Rudolph Hess, and "Guernica" Thoma, German general responsible for the destruction of the Basque town of Guernica in the Spanish civil war.

We are not sure that the eminent British writer is correct in his deduction about Hitler. Certainly, if other culprits are summarily disposed of there is no reason to skip the man mainly responsible for Nazi inhumanity. Nor are we certain that Hitler is, as Wells suggests, a "poor, crazy Austrian imbecile."

INVASION SPECULATION

There is widespread speculation as to the time of the Anglo-American invasion of Western Europe and an understandable interest in possible maneuvers that may be attempted by the contending forces.

Nobody knows when the invasion will be launched or upon what scale the initial landings will be made. It is likewise impossible to forecast the strategy or tactics of General Eisenhower and General Bomel. The public will have to await events to see what occurs.

Of course, the invasion can result in a quick, decisive victory, a stalemate or a terrible defeat for the Anglo-American forces. The Allied leaders are said to be reasonably confident of the successful conduct of operations, believing that their overwhelming weight of manpower and material will break down German resistance.

It is possible that the German defense will prove more formidable than expected and that something of a temporary stalemate will occur. In this event, it will be necessary to pour in additional troops and equipment until the necessary superiority is attained. Few, if any, observers believe that the Nazis will inflict a disastrous defeat upon the invaders who will have the protection of aerial and naval superiority.

About People We Know

Harold Rosenberg, secretary of Pahokee Drainage district with offices in Canal Point, is a wildlife enthusiast. Over the week end while he was making an effort to outfit members of the finny tribe in salt water on the coast, he came upon a specimen of wildlife that stumped him completely. Not only did it stump him but all other fishermen in the vicinity. The odd creature looked like a cross between a shrimp and a crawfish. Its delicate coloring had all the colors guessing as to its name. Up until now nobody has been able to name it. Harold had P. P. Jodoy's make some pictures of his find and these will be sent to Field and Stream to see if they know what it was that Harold found on his most recent fishing trip.

Everybody in the Lake Region knows the E. G. Kilpatrick family. E. G. was for many years cashier of the Bank of Pahokee. He now holds a like job with the new Okeechobee County Bank. The Kilpatricks make their home at Port Mayaca. Recently E. G. was heard to remark: "We live at Port

Mayaca in Martin county, we get our mail at Pahokee in Palm Beach county, we attend church in Canal Point and I earn a livelihood in Okeechobee in Okeechobee county."

Woodrow Upthegrove, who recently went through a political campaign in the Pahokee-Canal Point area where he sought the job of constable now held by Francis Cross, is now a resident of West Palm Beach where he is a member of the city police department. Woody has many friends in this area who will wish him success in his new venture.

Several months ago we wrote a little article about Pat Carroll, Canal Point filling station operator, and his dog Nell. She is a well trained canine. When Pat desires a cold drink and doesn't feel the urge to walk the quarter block to the pool room where cold drinks are sold, he just gives Nell a nickel and tells her to bring him a cold. She does. But every time she decides it is time for her to have a treat. It is then that she spends the nickel for a candy bar. Nell is quite fond of candy bars and Pat has to be very careful in telling her exactly what the nickel is to be spent for or she may come back with a candy bar instead of his cold drink.

Dr. T. H. Abbey in Pahokee recently bought from the Barfield

family the apartment house that stood next to the building occupied by the Pahokee News in the days when Charley printed for a living. Dr. Abbey had a crew of men move the building to a lot on Barfield highway where carpenters are putting it in first class condition. The apartment building is a two-story affair and when completed by Dr. Abbey and his workmen will be a handsome addition to Barfield highway. Dr. and Mrs. Abbey are the parents of Mrs. Frank Shaughnessy and make their home in the apartment just north of the former Earl Smith residence.

Roy Vandegriff recently purchased the Earl Smith home on Pahokee-Capt. Point road. The Vandegriffs also own a beautiful home on the ocean at Daytona Beach where they are spending the summer.

Last week we received a news release from the U. S. Naval Air Station in Jacksonville which told of advancement of WAVE Marjorie A. Ogle to a petty officer rating. We printed the story and everything was all right except that Marjorie is the son of Mrs. Pearl E. Ogle of Pahokee instead of a daughter as the story stated. This is one time we can blame someone else for an error! We printed the story just as it was released from the Naval Air Station in Jacksonville. Had we known

Marion we might have questioned the story a bit. We know his brother, Donald, who is also in Uncle Sam's service but Marion wasn't among our acquaintances.

Capt. Roy E. Michael, Jr., left Monday night for Ft. Meade, Md., where he is stationed following a short visit with his parents, Mr. and Mrs. R. E. Michael, Sr., in Lake Worth. Mrs. Michael and daughter, Jennifer, who came with Capt. Michael, will remain for an extended visit with her parents, Mr. and Mrs. I. L. Tatum, in Lake Worth. Capt. Michael is a former Pahokee high school instructor.

POST-WAR
The possibility of 19,000,000 persons becoming unemployed immediately at the close of the war is suggested by a Senate Military Affairs Sub-Committee in emphasizing the need of legislation to govern reservation policies.

Scrap metals continue to be required in vast quantities in the United States for the production of carbon steel.

His own ingenuity is enabling many a Florida farmer to overcome difficulties occasioned by shortages of equipment and labor.

RAILROAD CLERKS WANTED

Men or women Freight Clerks, Check Clerks and Yard Clerks. Applicants should give their age, experience, if any, draft status, resume of past employment and must be able to furnish Certificate of Availability under regulations of the War manpower commission. Do not apply by telephone.

P. L. GADDIS, Superintendent Florida East Coast Railway Co., West Smyrna Beach, Florida

Prudence-in-Flationland

...it's the Never-Never Land if Americans wake in time!

PRUDENCE: Are there profits in Flation Land?

SHOPPER: Perhaps. I don't know. But the money they get won't buy them anything, either. Everything's out of kilter.

SHOPPER (continued): When John began to get raises we were pretty pleased. We spent it as fast as we got it, and prices went up faster than the raises.

SAGE: It can't happen here? It can't if we recognize the symptoms in time! But if wages get out of hand and costs rise, that multiplies itself in the prices you pay. So then you want another raise because of higher prices? But that only makes prices higher. You can't win! When food and necessities cost two, three, four times more—something's got to bust. Usually it's the banks and then our goose is cooked. Unemployment, hunger, despair follow. It's an old story but it needn't happen here if we get wise to ourselves.

AIRACOBAS TESTED ON SINCCLAIR PENNSYLVANIA MOTOR OIL

When Bell Airacobras, deadly pursuit planes, are given the works on test flights their 1150 horsepower Allison engines are kept safely lubricated with Sinclair Pennsylvania Motor Oil—the same quality Sinclair Pennsylvania sold by your nearby Sinclair Dealer.

Now that your car must last longer, keep it safely lubricated with the same quality oil that protects the Airacobra's engine at 395 m.p.h. Have your Sinclair Dealer drain and refill your crankcase with Sinclair Pennsylvania Motor Oil every 1,000 miles. It lasts so long it saves money as well as your engine.

"SERVING THE GLADES"

Cinematic Chatter

By Malcolm Miller

I really look for a big "turn-out" this coming Sunday-Monday at the Prince Theatre. On these days the old master of the "College of Musical Knowledge," Roy Kysner, comes in on these days with his newest picture under the title "Around the World." Stars and featured players listed are: besides Roy Kysner, Mische Auer, Joan Davis, Mary McGuire, Wally Brown, Alan Carney, Roy Kysner's Band, Joe Kambille, George Carroll, Harry Babbitt, Bully Mason.

The story takes this grand bunch of trouper on a world tour of Army and Navy camps where they entertain our men in the service.

The story is light, frothy, after all, this is chiefly a laughing singing and dancing show—as one can expect with this gang of entertainers.

You remember that song "Pistol Packin' Mama" that swept the country like a naughty tidal wave some time back. It was written by a "hill-billy" singer in Texas. He sang it around, here and there, for a time until someone who felt it suggested that he had something that was worth exploiting. Then this young man copyrighted the song and sent it in to a music publisher. The first three publishers turned it down and then the fourth accepted it and put it on the market. It was an immediate hit and the "hill-billy" is just sitting back and raking in

the money from royalties. That's life for you!

In the screen production listed the cast are Ruth Terry, Robert Livingston, Wally Vernon, Jack La Rue and a bevy of "Pistol Packin'" beauties who romp through this and sing other numbers during the unspooling of the story. The story is light but entertaining, so I'm sure you will enjoy it immensely.

It really looks like a week of "dizzy" titles for on Thursday night we are screening "Six Your Uncle," which stars and features, Billie Burke, Denzel Woods, Elvyn Knox, Frank Jenks, The Delta Rhythm Boys, Jan Garber and His Orchestra and Jack Texgraden and His Orchestra.

Story is one of those double exposure things, inasmuch as there is a real Uncle in the piece and there is another fellow, Donald Woods, who impersonates this uncle in such a way that it brings forth shrieks of laughter from its witnesses.

For your Saturday screening we find "Frontier Fury," which lists an all star Western cast to unroll the story that should please every member of the Six Shooters Club.

Well folks, summer is upon us and the screening times have been changed. Saturday and Sunday doors open at 2:45 and show runs continuous from 2:50 to 11:00 P. M. Balance of the week the doors open at 7:45 P. M. and show starts with the feature picture at 8:00 P. M.

In signing off may I remind you that the greatest War Bond Drive of our history will get underway on June 12th. I have pledged myself, my theatre and my town to make a better showing than we made in the last drive. And We've Got To Make Good!

See you at the movies—Mal.

Increase In Cattle
In State Higher
Than Elsewhere

GAINESVILLE, Fla. — The estimated number of all cattle and calves in Florida has reached an all-time high—1,386,000 head. A. H. Spurlock, State Experiment Station economist, pointed out today.

Between 1920 and 1941 the number of beef cattle in the state doubled and at the beginning of 1944 there was 10 percent higher than a year earlier. The increase in all cattle including dairy animals was 93 percent.

Mr. Spurlock explained that the number of dairy cattle has not increased as rapidly as beef cattle, but has been growing steadily for 20 years. At present, there are 128,000 dairy cows and heifers two years old and over kept for milk. Because of labor shortages and other war-time problems, such dairies have been sold, but most of the good cows have been bought by other dairies instead of going to slaughter.

In 1942, the economist reported Florida farmers received \$8,401,000 from the sale of cattle and calves, or 64 percent more than 1942 and the highest return on record. This increase was partly due to higher prices for beef animals, but more to greater production and sales.

Florida dairymen received \$15,678,000 in 1943 from sales of milk, cream and butter which was a record high.

There were 663,000 hogs on Florida farms at the beginning of 1944, 10 percent more than a year earlier and the largest number since 1923. Cash income to farmers from hogs last year climbed to a record \$12,781,000—48 percent above 1942, with the increase due more to increased production and sales than to higher prices.

For many years the number of sheep and lambs in Florida has been declining, there now being only 23,000, as compared with 41,

000 a decade ago. Sales last year totaled \$16,000.

All told, Mr. Spurlock explained, Florida farmers sold nearly \$37,000,000 worth of meat, animals and dairy products last year.

Percentage increases in the number of cattle and calves in production and sales in 1943 in Florida topped national averages, and the 1943 percentage increase in milk production in Florida was small, was larger than that of any other state.

Prices for Florida meat animals have been good during the past two years and, despite higher prices paid for commodities used, producers have been better off in purchasing power than during the period 1935-39.

Prices of Florida dairy products have not risen as much as meat animal prices since the 1935-39 period. Retail milk prices in April were only 30 percent above the 1935-39 average, but wholesale milk had risen to 78 percent above 1935-39 prices. Price comparisons for milk include subsidy payments, which have been of substantial aid to producers recently.

GETS 21 LETTERS

Ashton, Idaho. — Returning to a postal station from a South Pacific war front, Marine Corporal L. M. Lansberry found 21 letters from his wife and 20 letters from others in the family.

PICTURESQUE NAMES

Lexington, Ky. — The propensity of Kentuckians to select picturesque names has given to the State towns with names such as Troublesome, Fisty, Stab, Hell, Hells-for-Starters, Tadpole, Worm Hole, Skunk Creek, Decline, Blue Moon, Halo, Jam-boree, Windcare, Blisquit, Paw-paw, Hot Hot Spot, Ice and Bath.

Minor elements in addition to regular commercial fertilizers have been found to facilitate the establishment and growth of improved pasture grasses on many Florida ranges.

Men who have risked their lives to insure preservation of the United States must not be brought back to impoverished farms, but to a useful living in a comfortable, secure home.

Although the Nation is calling upon every farmer to contribute to forest products in an emergency, it is not asking that timber be cut carelessly or destructively.

The Elections Are Over!

The End Of Another Season Is Here!

Now we can settle down to some good summer fishing. If your old fishing equipment is a little run down and needs replacing—drop in—and maybe we can help you out. Our stock isn't as full as it was in the day before the war—but, we do have several items you'll probably be needing.

Anyway, before you start on that next trip, come in and look over the items we do have. The price, as always, will please you.
